56FW-92 Windows® Internal Modem

SMART ONE 56Kbps INTERNAL V.92 PCI DATA/FAX WIN-MODEM

The Smart One 56K V.92/V.44 Data/Fax Modems feature the new generation of accessing the Internet at super fast speeds with new features that add convenience and performance for modem users.

Put the Internet-on-hold with the use of a single phone line!

KEY NEW FEATURES

- **Connect Faster:** Quickconnect™ reduces the start-up time required to establish a connection. Cut your connect time up to 40% or more
- **Download Faster:** New V.44 compression delivers up to 40% higher through-put for HTML documents & pages
- **Internet Call-Waiting:** V.92 standard features Modem-on-Hold, allowing you to receive a incoming call and stay connected to the Internet (Call-Waiting service from your phone company is required)
- **Backwards compatible with V.90 Standard**

FAX FEATURES

- **Fax Broadcasting:** Send out faxes to multiple locations
- **Fax Scheduling:** Take advantage of low phone rates
- **Fax Merging:** Combine documents from a different application into one fax
- **Multiple fax phone list**
